Visiters are free to choose their own routes around the Museum. Each exhibit building has an information board, and a guidebook can be purchased in the Museum shop. The numbers on the map refer to the guidebook and the information boards.

To ensure that you see all the exhibits, you can follow the YELLOW and RED routes. The YELLOW route leads through the market place to the west end of the site, taking in the rural buildings and farmsteads. It returns along the edge of the woodland.

To see the whole Museum you should allow at least three hours.

The RED route starts at the Market Square and takes in the Museum village and craft buildings, including the sawpit, watermill, smithy and Court Barn. To see the whole Museum you should allow at least three hours.

These are the buildings you can see at the Museum:
