**The British Percheron Horse Society**  
is celebrating 100 years of the British  
Stud Book.

To showcase the horses and their  
place in our history we are combining  
with the **Living History Festival** at  
the **Weald & Downland Living  
Museum**.

Members of the society's horses  
will be taking part in re-enactments  
connected with British history.

Also displayed will be modern uses  
of the Percheron including showing,  
competition driving, riding and farm  
and forestry work.
