

# BECOME A CORPORATE *Supporter*

A UNIQUE PLACE TO IMPRESS YOUR  
CLIENTS & EMPLOYEES

The Weald & Downland Living Museum offers a choice of venues for your corporate needs in our 40 acre site. Our Museum collection has over 50 historic buildings dating back from 950AD to the 19th century from the regions of Kent, Surrey, Sussex and Hampshire as well as historic period gardens, traditional farm animals and a mill pond. Our unique site makes the Museum a wonderful location for conferences, team buildings days and client hosting events. We have an extensive events calendar throughout the year including themed demonstration weekends, open air theatre and a largely popular Christmas Market in which your clients or employees can enjoy as part of your corporate membership package.

By becoming a corporate supporter at the Museum, you will also be supporting a heritage charity who's aim is to 'Rescue and conserve historic buildings, teach traditional trades and crafts to ensure their preservation and share the untold stories of rural life and those who lived in the South East of England'.

## THE DOWNLAND GRIDSHELL

Completed in 2002, the Downland Gridshell was the first building of its kind to be built in the UK. Built from solid oak laths, bent into a double curvature, it takes its name from the shell-like shape that results. Today, the Downland Gridshell hosts receptions for up to 180 people.

With no supporting vertical beams, the result is architecturally awe-inspiring; unique, unusual and dramatic. As a venue it offers a backdrop that can't be matched and an uninterrupted space surrounded by peaceful and beautiful woodland. For most of the year, the Gridshell is the Museum's workshop where historic time-framed buildings are repaired and conserved. This unique space offers a real 'wow' factor to host events such as client dinners, conferences or product launches.

## CRAWLEY HALL

Crawley Hall is situated in the heart of the venue's medieval market square. Surrounded by historic buildings and cobbled paths, this charming timber-barn is an ideal choice for smaller events. With a HD Flatscreen TV, audio and projectors this space is perfect for meetings, team lunches, and training days. This venue is able to adapt for seating styles for up to 12 boardroom style or up to 40 theatre style.

This venue is perfect for pairing with a team building activity such as falconry, axe throwing, archery or a museum themed bespoke hands-on activity which can take place in our tranquil setting, Greenways Field.

## GREENWAYS FIELD

The Weald & Downland Living Museum is set in 40 acres of glorious Downland countryside in the Lavant Valley at the centre of the South Downs National Park. With the character of the Museum in the backdrop, immersed in beautiful scenery, it truly is a unique and romantic setting for your special day. The Greenways Field is a completely blank canvas nestled in amongst the Museum ready to spark your inner creativity.

A perfect location for team building away days with an arrangement of activities which can be organised such as archery, falconry or axe throwing. This beautiful vast space can also be used to host employee or client parties in a marquee structure for up to 300 people.

## Waterside Terrace & Cafe

As one of our more modern spaces, the Waterside Terrace & Café is the perfect location for more relaxed events with beautiful views of the millpond. From drinks receptions to auctions, team meetings and corporate dinners, this venue has a blank canvas to do all. Situated within our Cafe space is a private area called the Sargent Room, with a private balcony overlooking the museum grounds, this is an ideal space to use for a breakfast meeting to entertain clients or employees.
